

ISTEK UK LIMITED

Private Funds Manager Software

Many thanks for your interest in the Private Funds Manager software for your school. Please find enclosed a brief information pack that gives you an idea of what Private Funds Manager can offer. It also includes a few sample reports.

More information can be found on our website, or by attending one of our live online demonstrations of the system or trying out our demo disk. Demos can be booked through our website on www.istekuk.com

The program is currently used by more than 2000 schools throughout the UK, including primary, secondary and academies. It has been in schools since the late 1990's being upgraded every year, and so is very well tried and tested. We are also partners with Capita, Parentpay, Parentmail and Schoolcomms.

I hope you find the information helpful and of course if you have any queries please do not hesitate to call.

Yours sincerely

Mandy Riddington

Commercial Partner

Private Funds Manager

The Private Funds Manager (PFM) is a simple to use program for schools to **manage their school fund**, and/or pupil specific accounts. It provides functions for **managing trips, school clubs, gift aid, infant free school meals, fundraising, tickets and uniform.**

PFM is used by schools and colleges throughout the UK - from **nursery** schools and small **primaries**, to large **academies**. More than **2000** schools are using the program, which was first introduced in **1999**.

PFM **links well** with other programs, with online applications and with Microsoft programs. We are a partner of **Capita Sims** as well as several online payment providers.

PFM provides an **automatic, inbuilt facility to accept internet payments** made through the internet banking system. This facility is **free of charge** and allows parents to pay online for trips or anything else. Alternatively, PFM can link with online payment providers such as Parentpay, Parentmail, SchoolComms and Teachers2Parents.

PFM processes **cash & cheque** payments simply & efficiently, producing **receipts** if required. It can automatically read **standing orders and direct debits** from your bank statement, or you can setup standing order schedules in advance for recurring entries. PFM is also working with **Paypoint** to enable autoreading of payments made this way.

information is **automatically synchronised from Sims.net** ensuring that such as medical details, pupil premium status and parent contact details are date.

Pupil information always up to date.

Payments can be made from PFM either as **cash**, hand written **cheques**, **pre printed cheques** or through the **BACS** system.

PFM manages **before/after school clubs**, either those that are booked in advance, or those where children are charged in arrears after attendance. For this booked in advance, PFM can produce **invoices** for the **sessions**, and **can** then produce **attendance records, payment reports, statements and chase up letters.**

Your Company		Invoice01	
Item	Quantity	Unit Price	Amount
1	1	100.00	100.00
2	1	200.00	200.00
3	1	300.00	300.00
4	1	400.00	400.00
5	1	500.00	500.00
6	1	600.00	600.00
7	1	700.00	700.00
8	1	800.00	800.00
9	1	900.00	900.00
10	1	1000.00	1000.00
Sub Total		5000.00	5000.00
VAT		1000.00	1000.00
Total		6000.00	6000.00

PFM has an inbuilt **invoicing module**, producing invoices for the parents of children for things like **music lessons**, transport, prom, damages. You can also invoice external customers such as for **lettings and hires.**

PFM provides a **very wide range of reports**. These include standard **Financial reports** such as the Balance Sheet, Income & Expenditure, Audit Trail etc.; **Account Summaries**; **Trip reports** such as contact lists, medical lists, payment reports, debtors etc.; and **Pupil reports** such as payment cards, amounts owing, amounts paid etc.

Send **emails and letters automatically** to parents of pupils on trips or linked to accounts. These can be information, debtor chase up, consent form chase up or anything else required.

Send trip lists - eg parental contacts, key medical information etc., to **smartphone** so that paper lists are unnecessary when on visits.

teachers

giftaid it

Record **gift aidable donations**, **Bucket Collections** and other **fundraising** income and produce reports for HMRC for reclaiming, including automatic creation of the **R68GAD spreadsheet**.

Commission reports automatically, including the summary and

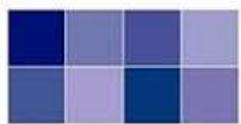

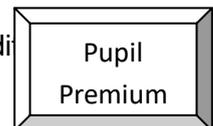

Produce **Charity** detailed reports.

Manage the new **Universal Infant Free** provision, recording actual take up, cost to school, value to school, grants received & amounts owing.

School Meals

Manage **Pupil Premium** expenditure at overall, account and pupil level. Look up expenditure by trip, by cost centre or see what has been spent on an individual pupil and what is left.

PFM **Academy** adds **VAT** processing, an automatic link to post transactions to **Corera** and a range of **additional reports** to allow posting of summary figures from PFM into Academy accounts.

Setup **nursery** sessions with either **session** or **hourly** charges, and book pupils onto **calendar**. Generate session summaries and invoices. Record attendance and generate payment reports and chase up letters.

PFM costs just **£195** for **primary** schools plus **£4** per **96** for the annual licence and for **support** and upgrades. **£395** for **secondary** schools plus **£144** per annum licence. PFM Academy provides VAT processing and academy financial integration reports, and costs £425 for secondary / £295 for primary academies.

Online set up assistance and **training** is **free of charge** for the first term, and can then be purchased either as individual sessions or as a whole term or whole year package. Onsite training, setup and assistance can be purchased at an additional charge.

Converting from an existing school fund system

If you are currently using a different system for your school fund, then it's really easy to convert across to PFM. You just need a list of accounts from your existing system, any closing balances you want to bring forward and a closing bank balance. **This might be another school fund program or from spreadsheets/ledgers.**

We provide a **free of charge online setup session** that runs through this, and **takes less than an hour to complete.**

1. Install PFM on your server – the CD autoruns and only takes about a minute to install
2. Enter the school name on the registration screen
3. Set up the link with your pupil records system – provide a valid Sims.net username and password and the student information is automatically synchronised in.
4. Setup your bank accounts- provide a 3 character code, an account name, sort code and account number for each.
5. Setup your various trips, clubs and other accounts – we call these Short Codes. Each has a code of up to 10 characters eg IOW16 , and a full name such as Isle of Wight Residential March 2016.
6. If the account is a 'student' account where pupils will pay in, select the students who are going/ who are part of this account
7. Enter opening balances as taken from your existing system. ***This probably cannot be done until the start of September when closing balances will be available from your existing system.***
8. You might want to enter individual balances for some ongoing accounts or just have one overall opening balance for the new year. Eg

Uniform	£250 OR	Reserves	£2100
IOW16	£450		
Breakfast	£150		
<u>Unallocated</u>	<u>£1250</u>		
Total	£2100		
9. Enter any Unpresented item – hopefully there won't be too many with a September start date.
10. That's it - you are ready to start processing the new year.

Private Funds Manager From ISTEK UK LIMITED

Order Form

To order the Private Funds Manager software please either return this form by fax or post, or send a purchase order to the address below.

The software will be dispatched within two working days. It comes with a simple guide to installing and setting up the system which should be reasonably straightforward to follow. If you would prefer, we can come onsite to install the program and help you set it up, providing training on its use at the same time.
